## God Shows His Love Through Grandparents

Today's lesson was: "God shows his love through grandparents." Give each of your children their activity sheet, and help them cut out the figure of Timothy, and have them glue it to the side of his grandmother, Lois.

Let them trace the Word of Faith (God) and tell children how Timothy's grandmother would show him God's love. Encourage children to express how they think Timothy's grandmother helped him to know and love God.
