

Name: _____

Jonah Learns a Lesson

1. Fold the sheet in half along the solid line so that the pictures face out. Look at diagram 1. Cut through the dashed line to make an opening.
2. Open the sheet and spread it out. Then, fold it in half so that boxes 2, 3, 4 and 5 are on the same side, as shown in diagram 2.
3. Fold the two ends of the booklet to the solid line. See diagram 3.
4. Unfold the ends of the book. Now fold the sheet in half and, taking the ends, push them towards the center until the pages come together. Look at diagrams 4 and 5.
5. Fold pages 1 and 8 around the rest of the pages, so that they are like the booklet covers.
6. Use this booklet to review the Bible story. Read the message on page 8 and remember the important lesson that Jonah learned.

Note to the teacher: If necessary, make copies of these instructions for all teachers and assistants, so they can read them while helping the children put together their booklet.
