

Make sure that 202a and 202b are printed front and back. Cut out the house on the other side of the page. Then cut along the dashed lines and fold along the solid lines to create the door and windows. Write your name on the designated line. Fold along the line below so that the house is reinforced. Draw or paste pictures of your family below. Glue the front part to the back of your house. Decorate your house if so desired.

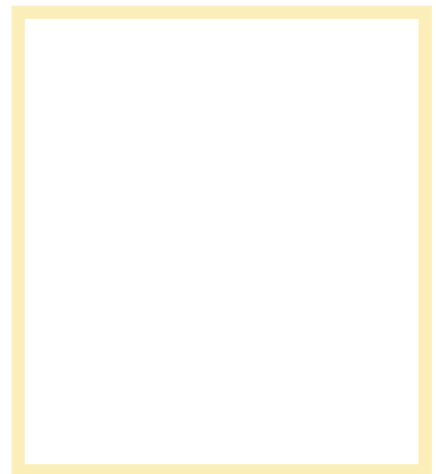

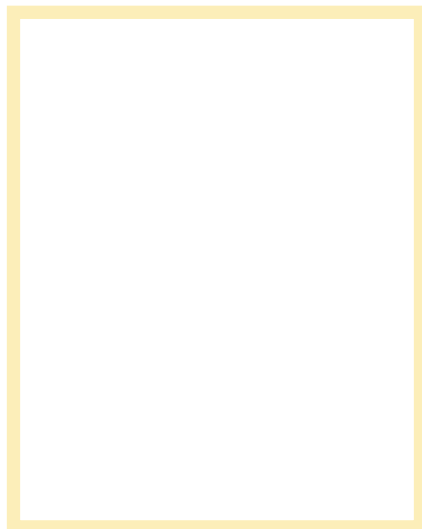

Fold along this line
