

Name: _____

Candy Jar

You will need Student Activity Sheets 214c and 214d. These will be used throughout units 48 - 59. For each unit, as the child learns each memory verse, have them cut out the candy figure found on 214d and paste the figure onto the designated area of 214c. Once the child has filled his candy jar with the 12 memory verses, they will be able to take the jar with "sweets" to their homes. That way they can repeat to their families the verses they learned.
