

**Jesus Love Me****Jesus Loves All Children****INSTRUCTIONS:**

Color the pictures with different colors. Your teacher will give you two squares of construction paper larger than the pictures of the children with Jesus. Paste the pictures on the construction paper. Decorate the edges of the construction paper with glitter and/or paint however you like. Let your pictures dry well. Punch two holes in the top of the construction paper squares. Put a piece of yarn or string through the holes and tie the ends together. Now you have two pictures of Jesus loving children. Jesus loves you and loves all the children of the world. Give one of the pictures to a friend who doesn't know Jesus.
