

# Instructions for making your Bouquet of Contentment

## YOU WILL NEED:

- Scissors
- Adhesive tape
- Glue
- Wires or small sticks colored green
- A large disposable cup. Place sand or stones in the bottom to weigh it down so that the flowers don't tip it over.

## HOW TO MAKE IT:

1. Cut out the flowers, the balloon and the poem.
2. Tape a wire/stick behind each flower and the balloon.
3. If you want, you can add leaves cut from green paper to the stems of the flowers.
4. Glue the poem to the outside of the cup.
5. Place the flowers and the balloon in the cup. If you used wire, bend the tip of the stems so that some of the flowers are taller than others. Place your Bouquet of Contentment on a table or in a place where you will always see it.
