

Dear
Parents:

Eliezer Finds a Wife for Isaac

LESSON 26

Cut out the Rebekah figure below for the children. Distribute to the children Student Activity Sheet and the Rebekah figure. Have the children color the figure of Eliezer. Then have the children attach the figure of Rebekah beside the well. If you wish, you can use this activity to review the Bible lesson.

Guide the children to trace the Word of Faith. Say, "On this paper we can see the figure of hands in an attitude of prayer. They remind us that we can pray when we need help, just as Eliezer did."

Let the children color the hands and then decorate the rest of the activity sheet. Encourage them to use the activity sheets to share the lesson with their families.
