

Jehoshaphat Sends Teachers with the Word of God

Our Word of Faith for the following 4 weeks is: Bible. This beautiful word will help your child understand better the significance of the Word of God. We celebrate that the Bible is a special book that speaks to us about God, and helps us know him better. Use this word when you talk with your child. Talk to them about their favorite Bible Stories.

Instructions: Have the child trace the Word of Faith (Bible). Then have them glue or tape the Jehoshaphat illustration (found on Dear Parents sheet) onto the Scroll. Finally, have them roll up the activity sheet like a scroll.

Tell your children that the scroll King Jehoshaphat read was very important because it contained the Word of God. They had no books, yet God gave them the Bible to read, study, and obey.

Cultivate in your children the discipline of prayer, intercede for them and their families during each class. If they have many requests, a good idea would be to write them on a large piece of paper and display it in the classroom to remember them. They can also put a star on those that have already been answered.

Encourage the children to take home the activity sheets and share the lesson with their friends and family.
