# Power

Jesus used his power for two reasons. First, because he wanted to help people know that he was the Son of God, the Savior. Second, because he had compassion for people. He cared so much about people and their needs that he wanted to help them.

Jesus takes care of you too. He wants to help you today. Make an acrostic with the letters of the word "POWER". Write words or phrases that describe: (a) the power of Jesus, (b) His compassion, (c) situations in your life where you need the compassion and power of Jesus to move forward.
