

The Parable of the Sower

Instructions:

1. Help your students trace the key word below and then write their name on activity sheet 61b. Ask them to color the page.
2. Help your students fold the paper along the solid lines, like an accordion. Scene 1 should be on the top. Give your students time to cut out the cut-outs from below and glue them into the proper places on the page.
3. Divide your class into pairs and have them tell the Bible story to each other using their worksheet, or if your group is small, ask for a volunteer to tell the Bible story to the whole class using their worksheet.

PARABLES

are special stories that Jesus told.
