

JESUS OUR SAVIOR IS BORN

MEMORY VERSE FOR THIS UNIT

“Today in the town of David a Savior has been born to you; he is the Messiah, the Lord” (Luke 2:11, NIV*).

OBJECTIVES OF THIS UNIT

This unit will help the children:• Know that God accomplishes what he promises• Want to be faithful and obedient to God• Express the joy of knowing that Jesus came to save each person• Learn that through Jesus Christ, God fulfilled his promise to send a Savior to the world.

THE REASON WE TEACH THIS UNIT

Christmas is the favorite time of year for most children. They have a great admiration for this time of year. It is very easy for them to get lost or confused among secular celebrations, so they need a clear teaching of what Christmas really means. They must know that God is the supreme example of one who gives when he gave us his only Son, Jesus Christ. They will also learn that the greatest joy of Christmas is to give their love to Jesus and to people. We celebrate the best gift ever given: God gave us his Son Jesus Christ! Encourage them to give an important gift to Jesus: their own life. Take advantage of these lessons so that your children surrender their lives to the Lord.
